

Stress-Free Moving with Pets

Pet-Proof the New Home

Remove hazards, secure windows and doors, and check for potential escape routes

Pack a Pet Essentials Box:

Food and Water

Bowls: Collapsible bowls can be space-saving and convenient.

Medications and First-Aid Kit: Include a basic first-aid kit with items like bandages, antiseptic wipes, and any necessary medications for emergencies.

Bedding and Comfort Items

Favorite Toys

Leash and Harness/Collar

Litter and Litter Box

Grooming Supplies

Pet Carrier

Pack Their Essentials Last

Keep their bedding, toys, and food/water bowls accessible until the last moment.

Update Vet Records

Vaccinations and preventative care are up-to-date.

Create a Safe Space

Includes their bedding, toys, & food/water bowls

Gradual Transition

Introduce your pets to their new home gradually

Maintain Regular Schedule

Continue with feeding and walks as usual

Stay Calm

Pets can sense stress, so try to remain calm during the move.

Patience and Observation

Allow your pets time to adjust to their new surroundings, and observe their behavior for any signs of distress.

Consider Alternatives (if necessary)

Boarding or Pet-Sitting services may be an option if the move is particularly stressful for your pets.
